2019

IDEATE | INNOVATE | ACTUATE

About Us :

The Entrepreneurship Cell, VIT is a student club that aims at fostering entrepreneurial spirit among the students. E-Cell, VIT is in collaboration with Technology Business Incubator (TBI) under government of India. TBI along with E-Cell provides the students with an advanced platform for converting their potential small-scale ideas into leading stat-ups.

Objective and Vision :

Objective

Provides a pragmatic approach for learning which helps the students to indulge in the practical arena of entrepreneurship.

Vision

We desire to create a requisite support structure that an individual need in their quest of the unknown and unexplored world of entrepreneurship.

VIT Technology Business Incubator

HackerTech

HackerTech is a 36 hours Technical Hackathon that provides the participants an opportunity to solve real-life problems that surface up in the entrepreneurial world. The students shall work on different problem statements in the realm of business and come up with feasible solutions. With India becoming a start-up hub, this event seeks to ignite the spirit of entrepreneurship within the young minds.

Past Years' Accomplishments

At the furthest of HackerTech 2018, there were five teams whose ideas were qualified for Student Start-up Venture Initiative. Out of these 5 teams, 4 of them were successful in accessing the Rs.1 lakh grant and now look forward to incubation. Unlike the conventional hackathons, our motive is to help all the potential ideas to be funded up to the tune of Rs.1 Lakh.

The event proved to be a dynamic platform for students to cite their potential ideas and techniques that were put into practice for various process from execution, implementation and finally to innovation.
